SUBJECT: STATUS OF LOAN APPLICATION

Gentlemen:

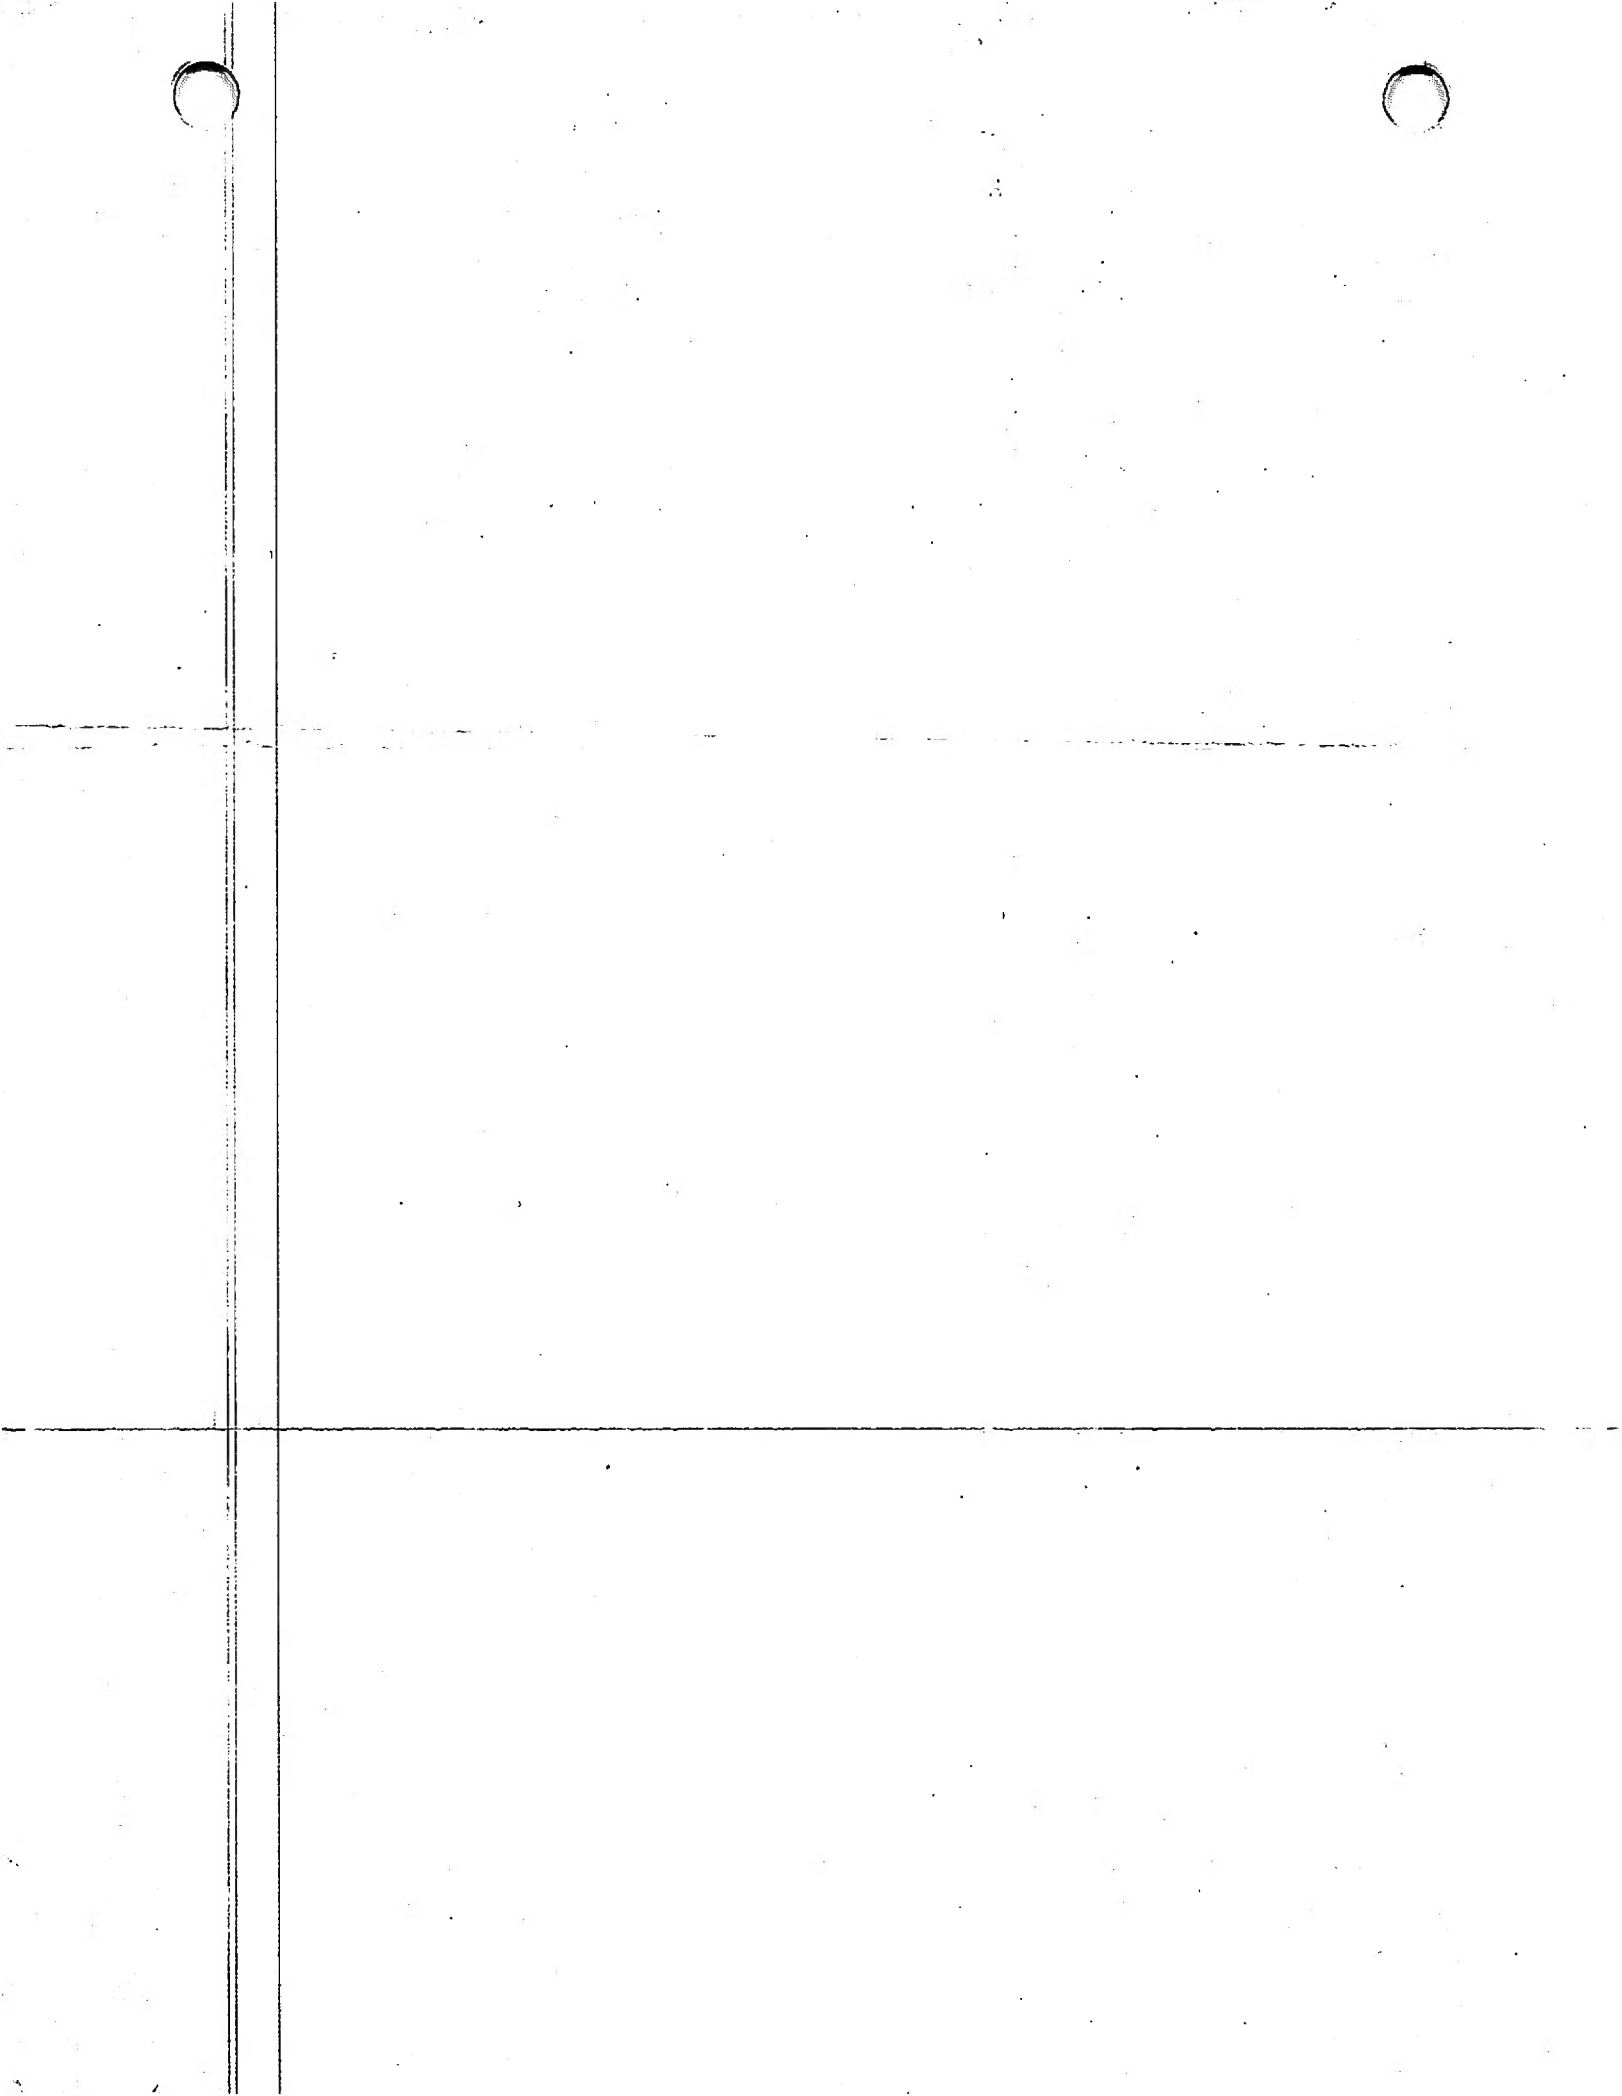

Mr. Clair Norton, local manager of the Zions First National Bank has recieved our request for refinancing and expanding our current S.B.A. Loan.

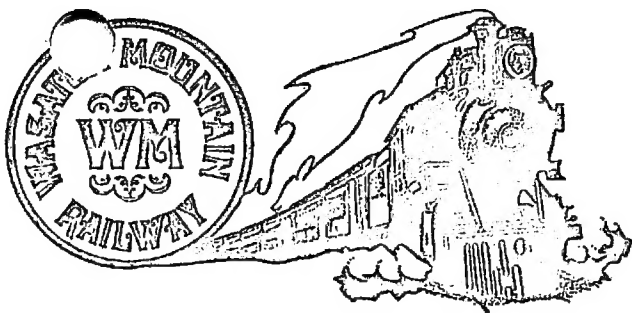

As you should be well aware, the capacity of our directors was and will continue to be a large part of the justification on the part of S.B.A. and the bank in granting us the loan.

We will need within a week or so, an up to date financial statement on each director submitted to Mr. Norton. This statement should no be older than December 31, 1974.

SUBJECT: FINANCIAL STATEMENTS

Gentlemen,

I neglected to send to you some forms to prepare your statements.

We are inclosing a self addressed postage prepaid envelope for your convenience.

Mr. Norton, the bank manager, indicated that if you wished to use one copy as a rough draft, and wanted to pencil in the amounts on the one form and sign it, he would have his secretary type in the information that you wish. If you want, you may call him at his office in Heber City for assistance.

It is important that we get the information into the bank as soon as possible as the need for funds is great.

Thank you,

Lowe Ashton
